

The background of the entire page is a vibrant, abstract composition of light. It features a central point from which numerous rays of light radiate outwards. These rays are composed of many thin, parallel lines of color, including red, orange, yellow, green, and blue. The rays are slightly blurred, giving a sense of motion and depth. Interspersed among the rays are numerous out-of-focus circular light spots, known as bokeh, in various colors. The overall effect is one of dynamic energy and bright, colorful illumination.
